American National Bank Recognized by DepositAccounts.com in 2019 Top 200 Healthiest Banks in America

Fort Lauderdale, FL, May 10, 2019 — DepositAccounts.com, a subsidiary of LendingTree, has released its list of the 2019 Healthiest Banks in America, naming American National Bank among the top 200 healthiest financial institutions in America. American National Bank is rated A+ in all categories, a feat only 11% of all banks and credit unions in the country achieve.

“It is such an honor to be recognized for the strength and security American National Bank provides its business and personal clients,” said Ginger Martin, CEO and President. “This recognition just reinforces our commitment to excellence. As Broward County’s oldest community bank, we are locally connected and personally invested.”

DepositAccounts.com evaluates the financial health of over 10,000 banks and credit unions in the United States once per quarter. To determine bank ranking and recognition, DepositAccounts.com grades each institution on a number of factors, including capitalization, deposit growth, and loan-to-reserve ratios.

“We believe it is important to give consumers a way to evaluate the financial health of their institutions,” said Ken Tumin, founder of DepositAccounts.com. “Our list empowers consumers to make informed decisions when selecting a financial institution.”
